## ACTION TAKEN REPORT ON CYBER CRIME AND DIGITAL ARREST

**Date: 4th November**
**Venue: Williamnagar Government College**

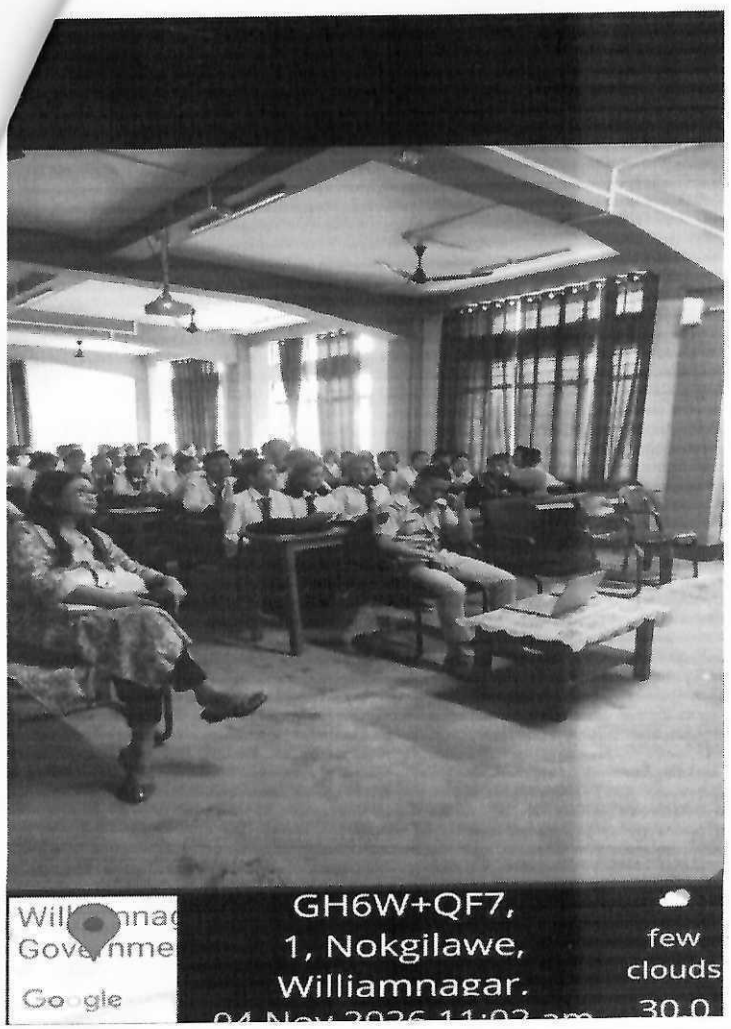

An Awareness Programme on **Cyber Crime and Digital Arrest** was organised by IQAC, Williamnagar Government College on 4th November 2026 at Williamnagar Government College with the objective of creating awareness among students, faculty members and staff about the growing threats of cybercrime and online fraud.

The programme is expected to educate students about various forms of cybercrime, including online banking fraud, phishing, identity theft, social media scams, OTP fraud and the emerging cases of digital arrest scams. The resource person Shri Anand R. Marak, Second O.C, Williamnagar Police Station highlighted how cybercriminals trick innocent people by impersonating police officers, CBI officials and other government authorities through phone calls and video calls, intimidating them with fake legal charges and demanding money.

During the session, participants were informed about essential cyber safety measures, such as avoiding suspicious links, never sharing OTPs, passwords or banking details, verifying unknown callers and maintaining privacy on social media. The resource person also emphasized the significance of reporting cybercrime swiftly through the national cybercrime helpline **1930** or the official portal **www.cybercrime.gov.in**.

The programme was interactive and enlightening, providing participants with practical knowledge about identifying, preventing and reporting cybercrime..The programme completed with a vote of thanks, expressing appreciation to the resource person, principal, faculty members and participants for making the event successful.
