

WOMEN CELL WILLIAMNAGAR GOVERNMENT COLLEGE

Report on the International Women's Day 2024

The International Women's Day (IWD), celebrated annually on March 8th, serves as a global commemoration of the social, economic, cultural, and political achievements of women. It also marks a call to action for accelerating gender parity. Thus, year's celebration holds even greater significance, as it marks another year of progress in the ongoing journey towards gender equality. This report delves into the key themes, accomplishments, challenges, and future prospects surrounding International Women's Day 2024.

The International Women's Day 2024 was celebrated in the college on the 8th of March, 2024 with the Theme "Inspire Inclusion" and the overarching theme is "Invest in women: Accelerate progress." It emphasizes the importance of creating an inclusive society and investing in women's empowerment. The Programme began with a Welcome Speech by Smt. Bandakerlin Lyngdoh. The Resource person was also felicitated by Shri. Rajiv K. Marak, Principal of the College. This year's theme was enlightened by Smt. Gamchi Timre R. Marak as a resource person. Madam Gamchi was the former Vice-Chairperson of the Meghalaya State Commission for Women (M.S.C.W.) and the Principal, Educere Higher Secondary School, Williamnagar. She is also a recipient of the National Teachers Award 2022.

Madam Gamchi spoke on the theme which encapsulates the ongoing efforts to dismantle systemic barriers that hinder women's advancement and highlights the collective endeavor to create a more inclusive and equitable world. The emphasis is laid on empowering women across various spheres, including education, employment, leadership, and health care, to foster sustainable development and social cohesion. She also emphasized on the numerous challenges that still persist such as violence against women, underrepresentation in leadership and access to resources. Besides the theme, Madam Gamchi also narrated her journey as a woman and the impact that she was able to bring in the field of education and as a social activist. Her speech serves as a testament to the progress achieved in the society when women are empowered and given the opportunity to progress.

Students attending the program also participated enthusiastically, embracing the themes of empowerment and equality. They gained insights into women's achievements and ongoing challenges through the speech given by the resource person. The program therefore fostered a sense of solidarity and inspired students to advocate for gender equality in their communities. By amplifying diverse voices and celebrating women's contributions, the event empowered students to become agents of change, driving forward the momentum towards a more inclusive and equitable society. The Programme ended with a Vote of Thanks given by Smt. Chonje Ch Marak.

Thus, the International Women's Day is not merely a celebration but a call to action—a reminder of the ongoing struggle for gender justice and the collective responsibility to realize the vision of equality and empowerment for all.
