

**WILLIAMNAGAR GOVERNMENT COLLEGE
EAST GARO HILLS: WILLIAMNAGAR, MEGHALAYA**

World No Tobacco Day, 2024 was celebrated by the Williamnagar Government College on 16th May 2024 in the College's premises. The programme was hosted by the Tobacco Free Educational Committee, Williamnagar Government College. The teachers and the students of both Williamnagar Government College and Williamnagar Government Higher Secondary School have participated in the programme. The programme was started by a short speech from Dr. Antarwell Warjri, Assistant Professor and Nodal Officer, Tobacco Free Educational Committee, Williamnagar Government College. Warjri delivered a presentation on the harmful and deadly effects of tobacco use and to discourage the use of tobacco in any form. Eight thousand people die annually in Meghalaya because they have cancer and 80% of the patients are tobacco users. Children should be free from tobacco.

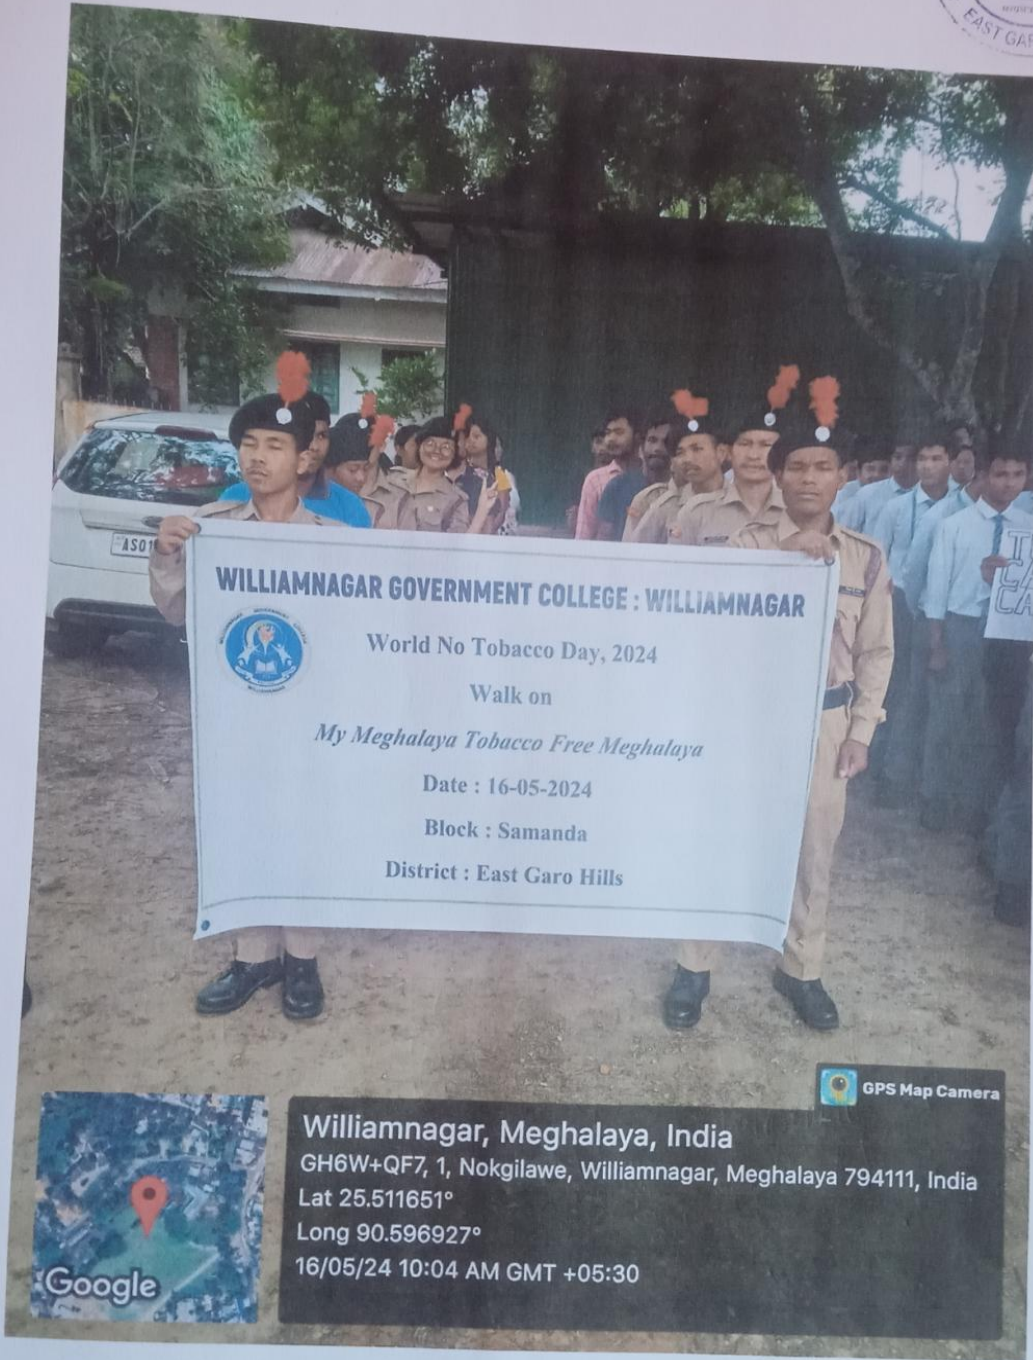

The Programme was followed by two activities prepared by the Committee, 1) a **walk** and 2) a **wall of posters**. A **walk** was arranged by the Tobacco Free Educational Committee, Williamnagar Government College where the students started walking from the College premises to the market area by requesting the people in the community to join the programme. The students and the people carried their banners, and placards shouting stop using tobacco and Choose health. Along the walk route, students could set up information booths providing facts about the dangers of tobacco use and resources for quitting smoking. At the end of the walk, the participants made a **wall of posters** by pasting their chat papers on the wall to mark that tobacco is harmful to humans. The wall of posters activity could involve creating a visually impactful display of posters that highlight the various health risks associated with tobacco use. Students could invite community members to contribute, making it a collaborative effort that engages the entire community. Both activities contribute to the goal of reducing tobacco use and improving public health.

The Programme was closed by **Dr. Antarwell Warjri**, Nodal Officer, Tobacco Free Educational Committee.
