**Community Outreach Programme
of Williamnagar Govt. College**

The Institution has adopted Memo Lake for a period of 5 years as its Community Outreach Programme. By 'adopting' a particular water body, we are able to preserve and maintain the aesthetic beauty and biodiversity of water bodies in our area. Thus, through the Community Outreach Programme, the Institution enables the students, faculties and non-teaching staff to collaborate with the community in cleaning, maintaining the water body and preserving Memo Lake.
